

Overall

Aim:

- **Visibility:** of the student loans on the Zolve platform.
- **Communication:** streamlining the communication b/w all our stakeholders, students, Zolve team & the Lenders.
- **User Journey:** a set user journey experience, with the capturing of all the details that are useful for the loans.
- **Tracking:** users drop-off rates, successful conversion after each and every step.
- **Lender matching tool:** saving time of the students, and removing the human dependency from the process of shortlisting the top Lenders.
- **Doc Collection:** Proper doc collection & sharing with the Lenders.

Portal A: Student Journey:

Note: (This is for first time users, repeated ones can just login and check the status)

Scope: This will help us in Visibility, Communications, Tracking, & Collecting Docs

Stages:

Landing Page → Application Starts (Student starts the process) → **Details** → **Lender Recommendation page (LRP)** → **Doc Upload options** → **Zolve Team/Lender Team Calls (Assigning Zolve RM (ZRM) & Lender RM (LRM))** → Lender Status Page (from Portal B)

Details:

Students KYC Details → Student Academics Detail → Student Course Details → Loan Details → Lender Details (Already Applied/not) → LRP → Lender Status Page (LSP)

Lender Recommendation Page (LRP):

Shortlisted lenders on major criterias like: Age, Demographics, Loan Amount, Type of Loan, and type of Co-App. Will show the probability of success (POS) for each Lender.

Lender Status Page (LSP):

The stage of every Recommended Lender will be shown here. Like:- *Docs Pending in Avanse, Sanctioned in HDFC Credila*

Doc Upload Options:

Student KYC → Student Academics → Student Financials → Co-App KYC → Co-App Financials.

Zolve Team/Lender Team Calls:

At this point, we will be assigning ZRM & LRM to the students. LRM will be shortlisted on the basis of the LRP & the region will be selected by the current conversions. ZRM will be assigned on a round-robin basis & the availability of the same.

Portal B: Zolve Team/Lender Team

Scope: This portal allows communication b/w the LRM & the ZRM. This is one portal with different roles & views.

Once the student starts the journey, the info will be updated in this portal, & ZRM can prioritize the Leads as per that.(Doc Received > Call Scheduled > Doc Pending > Started the Application)

- ZRM calls→ Zolve Briefing→ Overall Lender Briefing→ Completing the Doc as per the Checklists.
- LRM calls→ Zolve Briefing→ Specific Lender Product Briefing→ Helping ZRM in pushing the students for Doc Collection.

ZRM/LRM can trigger messages/emails from the portal itself.

ZRM updates every status in the portal itself:

Connectivity status→ Abroad Status→ Loan Status→ Other Lenders Status→ Raising Query for the LRM

LRM also updates every status in the portal itself:

Lender Stage update, Reason for Lead Lost, Doc Pending Status, Login date, Login Amt., Sanction Date, Sanction Amt., ROI, PF Amt., PF Date, Disb. date, Disb. Amt., Tranche No.

Add-ons

- Messages after every activity, like *“we tried calling you, what would be the best time?”*, *“Submit your Financial Docs to unlock the Special PF offer”*
- Schedule Call Back/Video Call session with your ZRM.
- Routing to Value Added Services after process completion/Student opt out.(CC/BA, Acco., Forex, Insurance and others.
- Probability of Success(POS) for each Lender→ We need to give weights to diff. Criteria here.

- Source of Truth: Defining the source of truth for: Student details:- Student Connectivity status and queries: ZRM
Loan Status: LRM
- Metrics to be tracked
- Data Tracking & Doc Storage.

Portal B:

This portal will be having 2 views:

1. Lenders Side
2. ZRM Side

Lenders Side: In the Lenders side, we need to make
